WHY PHYSICIANS PRESCRIBE MANITONE

The principal reason why Dr. John McDonald's famous prescription, Mantone, has proven so successful in the treatment of pale, weak, run-down, nervous men and women is explained by M. H. Carter, M. D., the prominent Baltimore physician and medical authority.

"Iron is absolutely essential to enable your blood to change food into tissue, muscle and brain, and taking the products in combination with strength-building iron, nerve-making phosphorus, nux vomica, and other health-compelling properties, as in Mantone, in my opinion, it cannot be improved upon."

Get back your grip on health! Let Mantone supply that strength, vigor and strong nerves you lack. Feel yourself improve each day as Mantone builds up the system, makes rich, red blood, strengthens the nerves, aids digestion and brings back color to the cheeks. Sold by the People's Drug Stores and all leading druggists.

CONGRESS PLANS TO RECESS JUNE 5

Both Senate and House Speed Work to Attend Conventions.

"Full speed ahead!" was the command today by leaders of the Republican majority in Congress.

They planned to gather up the loose legislative ends and, with both Senate and House working under high pressure, to arrange for a summer recess beginning not later than Saturday, June 5, if not an adjournment until December.

Beginning today, the Senate meets at 11 a. m. instead of the customary noon hour.

Whatever soldiers' bonus legislation is agreed on by Republican leaders of the House is not expected to get far in the Senate at this session. Passage of the shipping bill by the Senate is to be followed by its being put through the House, if possible. The House has already passed a shipping bill of its own, and it is believed the two measures may linger indefinitely in conference.

An agreement on the army reorganization bill is hoped for, as well as some action on the pending packers' regulation bill, and whatever legislation remaining on the calendar which is of pressing importance.

Democratic and Republican members of Senate and House are anxious to make an early getaway in anticipation of the doings at Chicago and San Francisco, and a general exodus is anticipated within the next two or three weeks.

ZION DELEGATES HELD AT MOSCOW BY REDS

Seventy-five Delegates to All-Russian Congress Arrested on Secret Charges.

MOSCOW, May 19.—Seventy-five delegates and alternates to the all-Russian Zionist congress, which met late in April, have been arrested, according to a statement issued by the extraordinary commission.

It is asserted the extraordinary secrecy observed regarding the meeting of the congress and the fact that a large proportion of those present were not connected with the Zionist movement led to the arrests.

It is claimed 80,000 Jewish legionaries in Palestine have pledged support to the entire armies through an agreement with England, and that Henry Morgenthau, former American ambassador to Turkey, visited Poland last fall as a representative of the Zionists.

NEW YORK, May 19.—Henry Morgenthau, former United States ambassador to Turkey, yesterday denied connection with Zionists reported under arrest in Moscow or with the Zionist movement.

"I am not a Zionist and never have been one," he said.

FRENCH 'WINDOW' GOWNS MAKE 'PEEPERS' OF MEN

Diamond-Shaped Holes in Low Backs and Short Skirts Keep Eyes Alert.

PARIS, May 19.—An innovation in women's dress launched in the Long-champs paddock turned the men present into an assemblage of Peeping Toms.

The gowns, which even the Duke of Decease and Andre Fouquieres pronounced "a bit too much," were perforated here and there by "beauty windows"—diamond-shaped holes two inches in diameter in the low backs, as well as in the skirts just above the knees.

One lovely model had a complete ring of "beauty windows" all around the waist.

EMBARGO IS ASKED ON ALL SUGAR SHIPMENTS

Attorney General Palmer Urged By New York Assistant to Curb Foreign Buying.

NEW YORK, May 19.—An immediate embargo on all sugar shipments from the United States was urged upon Attorney General Palmer yesterday by Armin W. Riley, special assistant attorney general in charge of prosecuting investigations. Riley telegraphed the Attorney General that an embargo was necessary to conserve domestic supplies and "keep prices within reasonable bounds."

He also suggested that Congress be asked to pass legislation permitting the Department of Justice to restrict unnecessary sales of sugar for use in luxuries such as candy and soft drinks.

HUNGARY DESIGNATES ENVOY TO SIGN TREATY

The Hungarian government has designated a representative to sign the peace treaty, according to a dispatch received yesterday by the State Department from Budapest. The representative, who was not named, left Budapest for Paris on May 15.

Notwithstanding this action, officials here do not expect ratification of the peace treaty by Hungary before autumn.

DANVILLE WOMAN FINDS HER SISTER DEAD OF GAS

RICHMOND, Va., May 18.—Overcome by gas, Mrs. Ella C. Harrison, of Danville, formerly of Richmond, was found dead in the home of her sister, Mrs. M. B. Chambers, this city. Coroner Whitfield said that death was accidental.

Mrs. Harrison was the widow of Donald S. Harrison, of Danville, who died on February 15 of influenza. Before marriage she was Miss Ella C. Jackson, of this city. She will be buried in Danville tomorrow. A daughter, 5 years old, survives.
